

Year 11 External GCSE Examinations 2016 – 2017

Please see below the GCSE Public Examination times for this academic year, these should be final but the examination boards may still alter dates.

This covers all examinations Year 11 will take depending on their subject choices.

These examinations form part of the GCSE assessment and cannot be missed. This is also a busy time for Controlled Assessments, we therefore ask for your full support in your child's attendance during this period. Detailed timetables showing rooms, start times and length of examinations will come out closer to the examination sessions.

There may be some clashes this year so if you have any questions concerning examinations please feel free to contact me.
